

EXERCISE
**THE
BUSINESS
WHEEL**

WWW.3WH.UK.COM

The Business Wheel is a snapshot of where your business is now. For each segment mark 10 for the most fulfilled and 0 for totally unfulfilled.

Highlight or colour your wheel up to each segments score to see how balanced or wonky your wheel is right now.

Business is rarely balanced for long. This tool helps you notice what needs attention first.

If your wheel is smooth you may feel balanced and choose to amplify some, or all areas.

If it's a wonky wheel, you might need to prioritise unfulfilled areas.

Through MyPresent, the wheel becomes your measure of balance, fulfilment and prioritisation.

Write 1-3 key goals for each segment

1 - CULTURE

A large, empty, light beige rectangular box for writing goals for the Culture segment.

2 - PROCESSES

A large, empty, light beige rectangular box for writing goals for the Processes segment.
