

TIPS TO CONSIDER IN THE INTRODUCTION TO MYTEAM

01

Don't underestimate the power of your team. You can't be a leader without your team.

02

It's about team formation. Be the one who motivates people at each stage of the team formation to ensure a thriving team rather than a surviving one.

03

Don't be afraid to admit that you need expert advice. It will make this stage so much easier.

04

Get to know your team well. You and your team will have to work dynamically and interdependently to achieve the goals.

05

Be aware of how you really motivate people to work together. Are you a role model for your team at all times?
